5/3/11

Leader: Michael McSorley

Minutes: Billy Parker

Minutes for meeting #15, 5/3/11

- Cable lengths appear correct
- New MOSFET's with higher current ratings and higher voltage drain-to-source maximums should be in tomorrow
- Demonstrated LCD and push-button interface
- Presentation is poster only, do not need a power-point
- We are being graded by EE faculty for Friday's presentation
