Minutes 02-01-12

1. Parts

has battery charger
check digikey for cheaper parts

2. Design Review

what do we want
prototype board?
test on testing board

3. Control

wants some equations
talk to Bauer, or someone else

4. Board

get one out quick
lots of output pin
serial out
overkill

5. Low-drop out regulator for battery

6. Microcontroller

GPS-ties up 1 uart
use similar to kit board microcontroller
most memory
samples?
