

Team Leader: Michael Sizemore

Secretary: Sara Taylor

Unresolved Items from Previous Meeting:

- board clocking: using an external clock or DSP clock

Current Items:

1. Battery
 - a. Got battery in
 - b. charging board doesn't mate with battery
 - c. might connect the two pins (excluding the temperature wire) to the board
2. Clock
 - a. use DSP clock from MP11
 - b. external clock circuit
3. Microphone progress
 - a. current performance
 - b. soldering difficulty
 - c. lessons learned for the real thing
4. Board design
 - a. noise, parasitics considerations
 - b. separate digital, analog
 - c. protect clock signal
5. Headphones
 - a. Earbuds/Headphones
 - b. Ability to use with microphones
 - c. Cost
 - d. Impedance Matching
