

## POTC Meeting Agenda 2/5/14

Meeting Leader: Ben Shenk

Minutes: Alex Wentzel

1. Current Status: Raspberry Pi setup and connected to Wifi and we can SSH to it from a laptop.
2. We need a micro USB power supply capable of 700mA and possibly HDMI to DVI.
3. Eclipse IDE looks like it could be suitable.
4. Webserver initial plans.
5. Action Items: setup camera, install IDE and OpenCV and implement simple processing algorithms, decide on webserver plan, research smartphone app development.
