

Power Rangers February 25, 2015

Meeting Leader: S. Ritter

Minutes: E. Syers

Attendance: M. Schafer, M. Hannon, S. Ritter, E. Syers

Meeting started at 9:05 AM in the Control Systems Lab (A63 Fitzpatrick) and was attended by all members except for A. Lanre-Ladenegan.

Agenda:

Conveter Update: E. Syers and M. Hannon informed M. Schafer of the status with the converter board (working as expected, will raise the power level with M. Lemmon soon). Converter to achieve +12/-12V is working as expected and will be included on the next converter board. M. Schafer wants the next board to be much smaller.

Micro Controller Update: S. Ritter updated team on status of microcontroller order. M. Schafer mentioned comments about different microprocessors that other groups have been looking into. S. Ritter will examine the supply of connectors and select some that are suitable.
