2/21/2013

12:30 PM – 1:30 PM

Meeting called by: Crystal Breath

Attendees: Nicholas Castro, Suong Do, Joe Duffy, Joe Levri, John Mullaney

Agenda/Meeting Leader: John Mullaney

Minutes: Nicholas Castro

<u>Time:</u> 12:30	<u>Question/Task:</u> What needs to be done to finish the microphone circuit? <u>Status:</u> We soldered the microphones and capacitors on and attempted testing on Friday, Feb 15 th , and Tuesday, Feb 19 th . <ul style="list-style-type: none">- One microphone with consistent response: shorter wavelength for higher whistles and longer wavelength for lower ones- Other mics don't work. Bad connections? Burnt components? <u>Action Item:</u> Solve problems with microphone circuit. <u>Status:</u> Email sent to Mr. Navari, director of IUSM—SB, requesting contact with experience in anesthesia. As of writing of this agenda, we have not received a response from him. <ul style="list-style-type: none">- We need a surgeon's professional opinion on placement of stethoscope, examples of healthy/unhealthy breathing, etc.- Next item: working on DSP board, finishing microphone circuit	<u>Location:</u> Stinson Remick
