

## Meeting Minutes

Team Baja

25 February 2014

- GPS
  - o Got messages sending to terminal on Mac for use outdoors
  - o GPS not able to find a fix. Will attempt longer test this week as well as trying to use it in Prof. Schaefer's module to test for hardware issues
  - o Will complete SD card portion this week
  - o Still attempting to get GPS chip into binary mode
  
- Screen
  - o Steven unable to make meeting. Still working on programming for display screen
  
- Sensor
  - o All parts are in and ready to go
  - o Still in need of breadboard
  - o Once Matt and Patrick receive breadboard they can put together their prototype circuit and test with a magnet
