POTC Meeting Agenda 2/26/14

Meeting Leader: Rob Mustak

Minutes: Bryce Persichetti

1. Progress on motion tracking and plan for design review

2. Motors and brackets discussion (including ribbon cable, power sources, moving just camera or entire board)– Jack

3. App discussion, show mockup of future functionality while staying relevant to what we have? Go into detail of what I've done so far, how to program for Android – Rob

4. Database and storing – 3 states, nothing, car left, car right, and how we can use the tools Ben has been working on

5. Future big picture and other – getting data from board into database, from database to display and app, etc.
