

Power Rangers February 25, 2015

Meeting Leader: S. Ritter

Minutes: E. Syers

Attendance: M. Schafer, A. Lanre-Ladenegan, M. Hannon, S. Ritter, E. Syers

Meeting started at 9:03 AM in the Control Systems Lab (A63 Fitzpatrick) and was attended by all members.

Agenda:

Hardware Update: E. Syers and M. Hannon are working on a PCB to send out before spring break. M. Schafer reminded team to show him board before the Friday before break.

Software Update: A. Lanre-Ladenegan and S. Ritter are looking at iso-opto devices that will be used to connect the two subsystems. They are also improving the software to handle outlier cases.

Comments: M. Schafer suggested putting the sensing circuitry in with the converter board to keep high power components together. Team agreed and will confirm with M. Lemmon at next meeting.
