

Agenda 17 April 2019

Meeting Ran by: Mark

Minutes Taken by: Rebecca

- ☐ Updates on tasks:
  - ☐ RSL10 Communication:
    - ☐ Still working on reading notification directly into the terminal of a computer
    - ☐ Two LEDs, one SPI interface works on the actual board
    - ☐ Hoping issue is just bluetooth notification timing
  - ☐ Software
    - ☐ No updates
  - ☐ LEDs/Photodiodes
    - ☐ Will be running tests using the AFE board
    - ☐ Testing other wavelengths as well, might be more promising
  - ☐ RSL10/AFE Board
    - ☐ Board soldered
