Agenda for Meeting #12
4/11/22

1. Part Update (10 minutes)
   a. Currently, our boards, adhesive/velcro, and temperature sensors have arrived. Until our voltage regulator and solder-paste screen arrive, we cannot assemble the board
   b. Also, the only parts left to test are the voltage regulator and the battery
2. Code Update (10 minutes)
   a. Server-side code
   b. EPROM + cleaning up the control file
3. Ask about parts (5 minutes)
4. A moment of silence to reflect on our failure to prepare for National Barbershop Quartet Day (5 minutes)
