1. Go over Design Review 1: 15 minutes
    a. Ask about DC-DC converter. May want to just use a voltage regulator
    b. Ask about USB-UART converters, does he have any?
        i. Questions about current requirements
        ii. Are TTL and UART the same?
    c. Ask about current supply from DC-DC converter
2. Ask about how to interface between Wi-Fi module and the server: 5 minutes
3. Talk about Design Review #2: 10 minutes
